### TERMS OF USE

You are the only authorized user of this account. Do not give access to this account to anyone else, by any means. Use of this account must not exceed your authority. Examples of unauthorized use include, but are not limited to, obtaining superuser privileges, observing network traffic, and forging network traffic.

Anyone who uses a computer system without authority or in excess of their authority may be monitored and logged by system personnel. In the course of such monitoring, or in the course of system maintenance, the activity of authorized users may also be monitored and logged. If such monitoring reveals evidence of possibly criminal activity, system personnel may give such evidence to law enforcement officials. By using an account, you implicitly consent to this policy.

Respect the work and personal expression of others. Violations of authorial integrity, including but not limited to plagiarism, invasion of privacy, unauthorized access, and trade secret and copyright violation, are forbidden. Unauthorized copying or use of software is illegal and is strictly prohibited.

Use of this account must comply with University and Departmental *Acceptable Use* and *Electronic Publishing* policies and all other applicable policies and regulations.

**I will use this account in the manner described above. I realize that failure to comply with these terms may result in disciplinary action, and that failure to correctly sign and date this document does not exempt me from these requirements.**
